**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

The FCC should encourage broadband competition, not stifle it. I have chosen a competitive provider because the service I receive from them is far better and less expensive than any I received from the big companies. They provide both my internet service and my phone service. It would be criminal to price them out of the market.

DO NOT HIKE PRICES. As a retired person on a fixed income affordability is important to me. I can't afford a hike in internet and telephone service.

Stop this outrageous move to stifle competition.
